

## INDEX TO VOLUME 121

### A

- ABBOTT, WILLIAM E., *et al.*: Plasma Volume, "Available (Thiocyanate) Volume" and Total Circulating Plasma Proteins in Normal Adults, 352.  
 Abdomen, Roentgenologic Examination of the, as an Aid in the Early Diagnosis of Splenic Injury, 111; Heparin in the, 508.  
 Abdominal (intra), Hemorrhage, Spontaneous, 191.  
 Abscess, Liver, Suppurative Pancreatitis with Associated, 853.  
 Absorbable Sponge Tests, 894.  
 Acid, Pyruvic, Method of Burn Slough Removal, 866.  
 Actinomycosis with Penicillin, the Treatment of, 373.  
 Address of the President, 385.  
 AHRENSBERGER, H. W., *et al.*: The Submucosal Morcellation of Hemorrhoids, 239.  
 Air Force, Army, Hospital, Emergency Surgical Plan in an, 573.  
 Albright's Syndrome, 245.  
 ALLEN, ARTHUR W.: A Method of Reestablishing Continuity Between the Bile Ducts and the Gastro-intestinal Tract, 412.  
 ALLEN, ARTHUR W.: Discussion on primary carcinoma of the gallbladder, 434; Memoir of Edward Peirson Richardson, 763.  
 Amputation Sites, Refrigeration Anesthesia and Evaluation of, by Arteriogram, 157.  
 Analysis of the Results of the Surgical Treatment of 260 Consecutive Cases of Chronic Peptic Ulcer of the Duodenum, 583.  
 Anastomosis, A Nonsuture Method of Blood Vessel, 435.  
 Anesthesia and Evaluation of Amputation Sites by Arteriogram, Refrigeration, 157.  
 ANGLEM, THOMAS J.: Discussion on primary carcinoma of the gallbladder, 432.  
 ANNOUNCEMENT: Finney-Howell Foundation Fellowships, 881; Urology Award, 128.  
 Appendix, Mucoid Disease of the, 704.  
 Army Air Force Hospital, Emergency Surgical Plan in an, 573.  
 Arteriogram, Refrigeration Anesthesia and Evaluation of Amputation Sites by, 157.  
 Artery, Axillary, Spontaneous Rupture of, 882.  
 Atlas, Fracture of the, 826.  
 Aviation Medicine, Remarks on a Few Surgical Problems in, 564.  
 Axillary Artery, Spontaneous Rupture of, 882.  
 AVCOCK, THOMAS B. and FARRIS, E. M.: Appendicitis: The Possible Effects of Sulfonamides on Mortality, 710. Closing remarks, 720.

### B

- BANCROFT, FREDERIC W.: Proximal Ligation and Thrombectomy for Phlebothrombosis of the Femoral and Iliac Veins, 175.

- BARCHAM, I., *et al.*: Studies in Surgical Convalescence, 223.  
 Battle Casualties, Chest Wounds in, 833; Preparation of, for Surgery, 769.  
 BEAVER, MEREDITH G., and GENDEL, SAM: An Unusual Case of Meckel's Diverticulum, 891.  
 BECHER, HENRY K.: Preparation of Battle Casualties for Surgery, 769.  
 BEHREND, ALBERT: Albright's Syndrome, 245.  
 BENJAMIN, H. B., *et al.*: The Submucosal Morcellation of Hemorrhoids, 239.  
 BENNETT, GEORGE E.: Discussion on intervertebral disk lesions, 539; on sacral and presacral tumors, 735; on quadricepsplasty, 751.  
 BICKEL, WILLIAM H., and HINCHEY, JOHN J.: Fracture of the Atlas: Review and Presentation of Data in Eight Cases, 826.  
 BIGGER, I. A.: Discussion on emergency surgical plan in an army air force hospital, 582.  
 Bile Ducts and the Gastro-intestinal Tract, A Method of Reestablishing Continuity Between the, 412.  
 Biopsy as an Accurate Guide to the Decision of Early Skin Grafting, 164.  
 Bladder, Urinary, Malignant Cell Myoblastoma Involving the, 361.  
 BLADES, BRIAN: Penicillin as an Adjunct to the Surgical Treatment of Acute and Chronic Empyemas, 672; closing remarks, 679.  
 BLAKEMORE, ARTHUR H., and LORD, JERE W., Jr.: A Nonsuture Method of Blood Vessel Anastomosis, 435; discussion on, 453.  
 BLALOCK, ALFRED: Discussion on a nonsuture method of blood vessel anastomosis, 452; on studies on traumatic shock, 494; on conversion of normal into malignant cells, 703.  
 Blood Vessel Anastomosis, A Nonsuture Method of, 435.  
 BOLAND, FRANK K.: Discussion on emergency surgical plan in an army air force hospital, 582; on penicillin in empyema, 677.  
 BOLDREY, EDWIN: Stainless Steel Wire-mesh in the Repair of Small Cranial Defects, 821.  
 Bone Sarcoma in Polyostotic Fibrous Dysplasia, 872.  
 BOOK REVIEW: Hypertension and Hypertensive Disease, reviewed by Harold Neuhofer, 256.  
 BRADY, LEO: Methods of Constructing a Vagina, 518; Closing remarks on spontaneous perforation of the rectovaginal septum, 533.  
 Breasts, Comparative Studies of Cancerous *versus* Noncancerous, Part I, 6; Part II, 197.  
 BREED, E. S., *et al.*: Studies in Surgical Convalescence, 223.  
 BRINDLEY, GEORGE V.: Sacral and Presacral Tumors, 721; closing remarks, 736.  
 BROWN, JAMES BARRETT, and CANNON, BRADFORD: Full-thickness Skin Grafts from the Neck for Function and Color in Eyelid and Face Repairs, 639.

## INDEX TO VOLUME 121

Annals of Surgery  
June, 1945

- BULLOCK, WALLER O.: Discussion on heparin in the abdomen, 516.
- BUNCH, GEORGE H.: Mucoid Disease of the Appendix, 704; closing remarks, 720.
- BURNS, DEEP THERMAL: Selection of the Time for Grafting of Skin to Extensive Defects Resulting from, 285; Experimental, Curling's Ulcer in, 54; Influence of Local Treatment of, on Liver Function, 291.
- BURN SLough REMOVAL, Pyruvic Acid Method of, 866.
- BYARS, LOUIS T.: Tattooing of Free Skin Grafts and Pedicle Flaps, 644.
- C**
- CALDWELL, GUY A.: Discussion on intervertebral disk lesions are the most common cause of low back pain with or without sciatica, 540.
- CANCEROUS *VERSUS* Noncancerous Breasts, Comparative Studies of, Part I, 6; Part II, 197.
- CANNON, BRADFORD, and BROWN, JAMES BARRETT: Full-thickness Skin Grafts from the Neck for Function and Color in Eyelid and Face Repairs, 639.
- CARCINOMA of the Colon, Treatment of, 395; of the Middle Third of the Esophagus, Trans-thoracic Esophagogastronomy for: Report of a Successful Resection, 65; Islet, Pancreaticoduodenectomy for, 847; Primary, of the Gallbladder, 425; Transthoracic Resection of the Esophagus and Stomach for, 272.
- CARROLL, WALTER: Surgical Principles Underlying the Use of Grafts in the Repair of Peripheral Nerve Injuries, 686.
- CARTER, B. NOLAND, and DeBAKEY, MICHAEL E.: Current Considerations of War Surgery, 545.
- CASUALTIES, BATTLE, Preparation of, for Surgery, 769; Chest Wounds in Battle, 833; from the Battle of Attu, Report on Immersion Foot, 257.
- CAVE, HENRY E.: Discussion on sulfonamides in appendicitis, 719.
- CAYFORD, E. HOWARD, and PRETTY, H. GURTH: Refrigeration Anesthesia and Evaluation of Amputation Sites by Arteriogram, 157.
- CECUM, Diverticulitis of the; A Method of Management, 83.
- CELL Myoblastoma, Malignant Granular, Involving the Urinary Bladder, 361.
- CELLS, Malignant, Observations on the Conversion of Normal into, 700.
- CHEMOTHERAPY, Effect of, on the Ileum Subjected to Vascular Injury, 74.
- CHEST WOUNDS in Battle Casualties, 833.
- CHURCHILL, E. D.: Discussion on grafts in nerve injuries, 698.
- CLARK, DWIGHT EDWIN: Transthoracic Esophagogastronomy for Carcinoma of the Middle Third of the Esophagus: Report of a Successful Resection, 65.
- CLARK, RANDOLPH L., Jr., and SHANDS, ALFRED R. Jr.: Remarks on a Few Surgical Problems in Aviation Medicine, 564.
- COLEMAN, CLAUDE C.: Discussion on cranioplasty, 669; on grafts in nerve injuries, 697.
- COLEY, BRADLEY L., and STEWART, FRED W.: Bone Sarcoma in Polyostotic Fibrous Dysplasia, 872.
- COLLAGEN Sutures and Surgical Gut (Catgut), The Effects of Temperature on the Digestion of, by Enzymes and by the Subcutaneous Tissues of the Frog, 231.
- COLLER, FREDERICK A., and VAUGHAN, HERBERT H.: Treatment of Carcinoma of the Colon, 395; discussion on, 411.
- COLON and RECTUM, Multiple Polypoid Disease of the, 88; Treatment of Carcinoma of the, 395.
- COMPARATIVE STUDIES of Cancerous *VERSUS* Noncancerous Breasts, Part I, 6; Part II, 197.
- CONVALESCENCE, Studies in Surgical, 223.
- CONVERSE, JOHN MARQUIS: Skin Graft of Dorsum of Hand, 172.
- CO TUI, et al.: Studies in Surgical Convalescence 223.
- CRANIAL DEFECTS, Small, Stainless Steel Wire mesh in the Repair of, 821.
- CRANIOCEREBRAL WAR WOUNDS, 129.
- CRANIOPLASTY, TANTALUM, for War Wounds of the Skull, 649.
- CURLING'S ULCER in Experimental Burns, 54.
- CURRENT CONSIDERATIONS OF WAR SURGERY, 545.
- D**
- DAVIS, JOHN STAGG: Discussion on tattooing skin grafts, 648; on grafts in nerve injuries, 696.
- DAVIS, LOYAL, et al.: Surgical Principles Underlying the Use of Grafts in the Repair of Peripheral Nerve Injuries, 686; closing remarks, 699.
- DAVIS, LOYAL: Discussion on aviation medicine, 580.
- DeBAKEY, MICHAEL E., and CARTER, B. NOLAND: Current Considerations of War Surgery, 545; closing remarks, 582; discussion on grafts in nerve injuries, 696.
- DERMATOME, Resplitting Split-thickness Grafts with the: A Method for Increasing the Yield of Limited Donor Sites, 1.
- DINSMORE, ROBERT S.: Discussion on primary carcinoma of the gallbladder, 433.
- DIVERTICULITIS of the Cecum: A Method of Management, 83.
- DORSUM of Hand, Skin Graft of, 172.
- DUCTS, BILE, and the GASTRO-INTESTINAL TRACT, A Method of Reestablishing Continuity between the, 412.
- DUODENAL ULCERS of Patients Beyond Middle Life, The Problem of Massive Hemorrhage from, 840.
- DUODENUM, An Analysis of the Results of the Surgical Treatment of 260 Consecutive Cases of Chronic Peptic Ulcer of the, 583.
- DYSPLASIA, Bone Sarcoma in Polyostotic Fibrous, 872.
- E**
- ECONOMIC VALUE of Peritoneoscopy, 185.
- EFFECT of Chemotherapy on the Ileum Subjected to Vascular Injury, 74.
- Effects of Temperature on the Digestion of Collagen Sutures and Surgical Gut (Catgut) by Enzymes and by the Subcutaneous Tissues of the Frog, 231.
- EGER, SHERMAN A., SHALLOW, THOMAS A., and WAGNER, FREDERICK B.: Suppurative Pancreatitis with Associated Liver Abscess, 853.
- EGGERS, G. W. N.: Discussion on sacral and presacral tumors, 736.

## INDEX TO VOLUME 121

- Emergency Surgical Plan in an Army Air Force Hospital, 573.
- Empyemas, Acute and Chronic, Penicillin as an Adjunct to the Surgical Treatment of, 672.
- End-results in the Treatment of Hyperparathyroidism, 454.
- Enzymes and by the Subcutaneous Tissues of the Frog, The Effects of Temperature on the Digestion of Collagen Sutures and Surgical Gut (Catgut) by, 231.
- Esophagogastronomy, Transthoracic, for Carcinoma of the Middle Third of the Esophagus: Report of a Successful Resection, 65.
- Esophagus and Stomach, Transthoracic Resection of the, for Carcinoma, 272.
- EVANS, EVERETT IDRIS, and RAFAEL, HAROLD S.: Studies on Traumatic Shock, 478; closing remarks, 494.
- EVANS, EVERETT IDRIS: Discussion on pentothal-metrazol antagonism, 507.
- Eyelid and Face Repairs, Full-thickness Skin Grafts from the Neck for Function and Color in, 639.
- F**
- Face and Eyelid Repairs, Full-thickness Skin Grafts from the Neck for Function and Color in, 639.
- FAIRLESS, C. J., et al.: The Submucosal Morcellation of Hemorrhoids, 239.
- FARRIS, E. M., and AYCOCK, THOMAS B.: Appendicitis: The Possible Effects of Sulfonamides on Mortality, 710.
- Femoral and Iliac Veins. Proximal Ligation and Thrombectomy for Phlebothrombosis of the, 175.
- Fibrous Dysplasia, Bone Sarcoma in Polyostotic, 872.
- FINE, JACOB, and SARNOFF, STANLEY J.: The Effect of Chemotherapy on the Ileum Subjected to Vascular Injury, 74.
- FINNEY, J. M. T., Jr. and JOHNSON, MURRAY L.: Primary Carcinoma of the Gallbladder, 425.
- Finney-Howell Foundation Fellowships, 881.
- FIROR, WARFIELD M. and GEY, GEORGE O.: Observations on the Conversion of Normal into Malignant Cells, 700.
- Fistula, Gastrojejunocolic, A Plan for the Surgical Management of, 620.
- Fluid Loss, Local, Nerve Stimuli and Toxins in the Causation of Shock, 803.
- Foot Casualties from the Battle of Attu, Report on Immersion, 257.
- FOSS, HAROLD L.: Total Hysterectomy, 680; closing remarks, 685.
- FOOTE, FRANK W., and STEWART, FRED W.: Comparative Studies of Cancerous *versus* Noncancerous Breasts. Part I, 6; Part II, 107.
- FREEDLANDER, S. O., and MARKS, MATTHEW: Spontaneous Intra-abdominal Hemorrhage, 191. Fracture of the Atlas, 826.
- FRANTZ, V. KNEELAND, and LATTAS, RAFFAELE: Absorbable Sponge Tests, 894.
- FREHLING, STANLEY: Diverticulitis of the Cecum: A Method of Management, 83.
- Frog, Subcutaneous Tissue of the, Effects of Temperature on the Digestion of Collagen Sutures and Surgical Gut (Catgut) by Enzymes and by the, 231.
- Frozen Human Skin Grafts, 860.
- Full-thickness Skin Grafts from the Neck for Function and Color in Eyelid and Face Repairs, 639.
- G**
- Gallbladder, Primary Carcinoma of the, 425.
- GAMBLE, HUGH A.: Discussion on end-results in the treatment of hyperparathyroidism, 467; on sulfonamides in appendicitis, 719.
- Gastrectomy, Transthoracic, for Unusual Lesions of the Stomach, 600.
- Gastro-intestinal Tract and the Bile Ducts, A Method of Re-establishing Continuity between the, 412.
- Gastrojejunocolic Fistula, A Plan for the Surgical Management of, 620.
- GENDEL, SAM, and MEREDITH, G. BEAVER: An Unusual Case of Meckel's Diverticulum, 891.
- GERSTER, JOHN C. A.: Discussion on sacral and presacral tumors, 735.
- GEY, GEORGE O., and FIROR, WARFIELD M.: Observations on the Conversion of Normal into Malignant Cells, 700.
- GILLESPIE, F. S.: Discussion on emergency surgical plan in an army air force hospital, 581.
- GOLDSMITH, WILLIAM S.: Memoir of William Simpson Elkin, 767.
- GOULD, DAVID, et al.: Studies in Surgical Convalescence, 223.
- Graduate Surgical Training in America, 793.
- Grafting of Skin to Extensive Defects Resulting from Deep Thermal Burns. Selection of the Time for, 285; The Biopsy as an Accurate Guide to the Decision of Early Skin, 164.
- Graft of Dorsum of Hand, Skin, 172.
- Grafts, Free Skin, and Pedicle Flaps, Tattooing of, 644; in the Repair of Peripheral Nerve Injuries, Surgical Principles Underlying the Use of, 686; Resplitting with the Dermatome: A Method for Increasing the Yield of Limited Donor Sites, 1; Skin, from the Neck for Function and Color in Eyelid and Face Repairs, Full-thickness, 639; Skin, Frozen Human, 860.
- GRAY, HOWARD K., and SHARPE, WENDELL S.: The Problem of Massive Hemorrhage from Duodenal Ulcers of Patients beyond Middle Life: With Particular Reference to the Value of the Devine Exclusion Operation in Selected Cases of this Nature, 840.
- GREEN, CHARLES C.: Discussion on transthoracic gastrectomy, 635.
- GRIPPIN, GRACE E., et al.: Plasma Volume, "Available (Thiocyanate) Volume" and Total Circulating Plasma Proteins in Normal Adults, 352.
- GRIFFITH, LOIS, et al.: Plasma Volume, "Available (Thiocyanate) Volume" and Total Circulating Plasma Proteins in Normal Adults, 352.
- GRIMSON, K. S., et al.: Treatment of Varicose Veins by Stripping, Excision and Evulsion, 737; closing remarks, 750.
- GRISWOLD, R. A.: Transthoracic Gastrectomy for Unusual Lesions of the Stomach, 600; closing remarks, 637.
- GUIS, JOHN A., et al.: Portal Vein Thrombosis following Removal of Ruptured Spleen, 100.

## INDEX TO VOLUME 121

*Annals of Surgery*  
June, 1948

Gut (Catgut) Surgical, and Collagen Sutures, The Effects of Temperature on the Digestion of, by Enzymes and by the Subcutaneous Tissues of the Frog, 231.

### H

HAMILTON, JOSEPH W., and WALKER, JOHN M.: The Treatment of Actinomycosis with Penicillin, 373.

Hand, Skin Graft of Dorsum of, 172.

HART, DERYL: Discussion on surgery of chronic duodenal ulcer, 637.

HARTMAN, F. W.: Curling's Ulcer in Experimental Burns, 54.

Hemorrhage, Problem of Massive, from Duodenal Ulcers of Patients beyond Middle Life, 840; Spontaneous Intra-abdominal, 191.

Heparin in the Abdomen, 508.

HINCHY, JOHN J., and BICKEL, WILLIAM H.: Fracture of the Atlas: Review and Presentation of Data in Eight Cases, 826.

HODGE, CLARE C., and STRUMIA, MAX M.: Frozen Human Skin Grafts, 860.

HODGE, G. B., et al.: Treatment of Varicose Veins by Stripping, Excision and Evulsion, 737.

HORSLEY, J. SHELTON: Discussion on primary carcinoma of gallbladder, 431; on surgery of chronic duodenal ulcer, 633; on penicillin in empyema, 679; on conversion of normal into malignant cells, 703.

Hospital, An Emergency Surgical Plan in an Army Air Force, 573.

Human Skin Grafts, Frozen, 860.

Hyperparathyroidism, End-results in the Treatment of, 454.

Hysterectomy, Total, 680.

### I

Ileum, Effect of Chemotherapy on the, Subjected to Vascular Injury, 74.

Iliac and Femoral Veins, Proximal Ligation and Thrombectomy for Phlebothrombosis of the, 175.

Immersion Foot Casualties from the Battle of Attu, Report on, 257.

Influence of Local Treatment of Burns on Liver Function, 291.

Infusion, Intravenous, A Splint for, 253.

Injuries, Peripheral Nerve, Surgical Principles Underlying the Use of Grafts in the Repair of, 686.

Intervertebral Disk Lesions are the Most Common Cause of Low Back Pain, with or without Sciatica, 534.

Intra-abdominal Hemorrhage, Spontaneous, 191.

Intravenous Infusion, A Splint for, 253.

### J

JENSEN, D. REES: The Problem of Thrombo-phlebitis, 314.

JOHNSON, E. K., et al.: Sulfonamide Therapy in Clean Thoracoplasty Cases, 120.

JOHNSON, MURRAY L., and FINNEY, J. M. T., Jr.: Primary Carcinoma of the Gallbladder, 425.

### K

KEY, J. ALBERT: Intervertebral Disk Lesions are the Most Common Cause of Low Back Pain, with or without Sciatica, 534; closing remarks, 543; Discussion on grafts in nerve injuries, 698.

KING, JOSEPH E. J.: Discussion on cranioplasty, 670; on current considerations of war surgery, 582; on grafts in nerve injuries, 697; on intervertebral disk lesions are the most common cause of low back pain, with or without sciatica, 543.

### L

LAESTAR, CARL H., and PHEMISTER, DALLAS B.: Local Fluid Loss, Nerve Stimuli and Toxins in the Causation of Shock, 803.

LAHEY, FRANK H.: Discussion on carcinoma of the colon, 409; on end-results in the treatment of hyperparathyroidism, 466; on primary carcinoma of the gallbladder, 432; on surgery of chronic duodenal ulcer, 636; on transthoracic gastrectomy, 636.

LAMBERT, ADRIAN V. S., et al.: Sulfonamide Therapy in Clean Thoracoplasty Cases, 120.

LAM, CONRAD R., and MCCLURE, ROY D.: End-results in the Treatment of Hyperparathyroidism, 454.

LAM, CONRAD R., and PUPPENDAHL, MAGDA: The Pyruvic Acid Method of Burn Slough Removal: An Experimental Investigation, 866.

LATTES, RAFFAELE, and V. KNEELAND FRANTZ: Absorbable Sponge Tests, 894.

LEE, W. E., et al.: The Influence of Local Treatment of Burns on Liver Function, 291.

LEHMAN, E. P.: Discussion on heparin in the abdomen, 516.

Lesions, Intervertebral Disk, are the Most Common Cause of Low Back Pain, with or without Sciatica, 534; Unusual, of the Stomach, Transthoracic Gastrectomy for, 600.

LESSER, ALBERT: Report on Immersion Foot Casualties From the Battle of Attu, 257.

LEWIS, LLOYD G.: Cases of Severe Pelvic Injury, 470.

Ligation, Proximal, and Thrombectomy for Phlebothrombosis of the Femoral and Iliac Veins, 175.

Liver Abscess, Suppurative Pancreatitis with Associated, 853; Function, The Influence of Local Treatment of Burns on, 291.

Local Fluid Loss, Nerve Stimuli and Toxins in the Causation of Shock, 803.

LOCKWOOD, JOHN S.: Discussion on penicillin in empyema, 678.

LORD, JERE W., Jr., and BLAKEMORE, ARTHUR H.: A Nonsuturing Method of Blood Vessel Anastomosis, 435.

Low Back Pain, Intervertebral Disk Lesions are the Most Common Cause of, with or without Sciatica, 534.

### M

MAGNUSON, PAUL B.: Discussion on intervertebral disk lesions are the most common cause of low back pain, with or without sciatica, 540; on quadricepsplasty, 751.

MAHORNER, HOWARD: Discussion on spontaneous perforation of the rectovaginal septum, five weeks after construction of the vagina, 532; on varicose veins, 749.

Malignant Granular Cell Myoblastoma Involving the Urinary Bladder, 361.

## INDEX TO VOLUME 121

- MARKS, MATTHEW, and FREEDLANDER, S. O.: Spontaneous Intra-abdominal Hemorrhage, 191.
- MARSHALL, SAMUEL F.: A Plan for the Surgical Management of Gastrojejunocolic Fistula, 121, 620; closing remarks, 638.
- MASSIE, FRANCIS M.: Heparin in the Abdomen, 508; closing remarks, 517.
- MATAS, RUDOLPH: Discussion on a nonsuture method of blood vessel anastomosis, 452; *Me-moir of Hermann Bertram Gessner*, 756.
- MAUTZ, FREDERICK R., et al.: Plasma Volume, "Available (Thiocyanate) Volume" and Total Circulating Plasma Proteins in Normal Adults, 352.
- MCCORKLE, H. J., and SILVANI, HENRY: Selection of the Time for Grafting of Skin to Extensive Defects Resulting from Deep Thermal Burns, 285.
- McCLURE, ROY D., and LAM, CONRAD R.: End-results in the Treatment of Hyperparathyroidism, 454; closing remarks, 469.
- McGOVERN, JOHN D., et al.: Portal Vein Thrombosis Following Removal of Ruptured Spleen, 100.
- McMURRAY, W. R., et al.: Portal Vein Thrombosis Following Removal of Ruptured Spleen, 100.
- MCNEER, GORDON, et al.: The Economic Value of Peritoneoscopy, 185.
- Medicine, Remarks on a Few Surgical Problems in Aviation, 564.
- MEMOIRS: Aynsworth, Kenneth Hazen, 765; Elkin, William Simpson, 767; Gessner, Hermann Bertram, 756; Richardson, Edward Peirson, 763.
- Method of Reestablishing Continuity between the Bile Ducts and the Gastro-intestinal Tract, 412.
- Methods of Constructing a Vagina, 518.
- Metrazol Antagonism—Pentothal, 495.
- MIXTER, W. J.: Discussion on intervertebral disk lesions are the most common cause of low back pain, with or without sciatica, 541; on cranioplasty, 668; on sacral and presacral tumors, 735.
- Morcellation of Hemorrhoids, The Submucosal, 239.
- MORTON, JOHN J.: Discussion on primary carcinoma of the gallbladder, 434.
- Mucoid Disease of the Appendix, 704.
- MULHOLLAND, J. H., et al.: Studies in Surgical Convalescence, 223.
- Multiple Polypoid Disease of the Colon and Rectum, 88.
- MUNTWYLER, EDWARD, et al.: Plasma Volume "Available (Thiocyanate) Volume" and Total Circulating Plasma Proteins in Normal Adults, 352.
- Myoblastoma, Malignant Granular Cell, Involving the Urinary Bladder, 361.

### N

- NARANCI, MARTIN MIQUEO, et al.: The Economic Value of Peritoneoscopy, 185.
- Neck, Full-thickness Skin Grafts from the, for Function and Color in Eyelid and Face Repairs, 639.
- NELLER, JAMES LOCKE, and SCHMIDT, ERWIN R.: Wheal-Fluorescence, 328.
- Nerve Injuries, Peripheral, Surgical Principles Underlying the Use of Grafts in the Repair of, 686.
- Nerve Stimuli, Local Fluid Loss and Toxins in the Causation of Shock, 803.
- NESSELROD, J. P., and PUGH, H. L.: Multiple Polypoid Disease of the Colon and Rectum, 88.
- NEUFOR, HAROLD: Review of Hypertensive Disease by, 256.
- Nonsuture Method of Blood Vessel Anastomosis, 435.
- NOVAK, EMIL: Discussion on total hysterectomy, 684; on mucocele of appendix, 718.

### O

- Observations on the Conversion of Normal into Malignant Cells, 700.
- OCHSNER, ALTON: Address of the President: Whither Anon, 385; discussion on cranioplasty, 671; on pentothal-metrazol antagonism, 507.
- O'NEILL, JAMES F., and ROUSSEAU, J. P.: Roentgenologic Examination of the Abdomen as an Aid in the Early Diagnosis of Splenic Injury, 111.
- OWINGS, J. C.: Discussion on sulfonamides in appendicitis, 717.

### P

- PACK, GEORGE T., et al.: The Economic Value of Peritoneoscopy, 185.
- Pancreaticoduodenectomy for Islet Carcinoma, 847.
- Pancreatitis, Suppurative, with Associated Liver Abscess, 853.
- PARSONS, WILLARD H.: Discussion on transthoracic gastrectomy, 635.
- Pedicle Flaps, Tattooing of Free Skin Grafts and, 644.
- Pelvic Injury, Cases of Severe, 470.
- PEMBERTON, JOHN DEJ.: Discussion on carcinoma of the colon, 409; on end-results in the treatment of hyperparathyroidism, 469.
- Penicillin as an Adjunct to the Surgical Treatment of Acute and Chronic Empyemas, 672.
- Penicillin, The Treatment of Actinomycosis with, 353.
- Pentothal—Metrazol Antagonism, 495.
- Peptic Ulcer of the Duodenum, An Analysis of the Results of the Surgical Treatment of 260 Consecutive Cases of Chronic, 583.
- Perforation, Spontaneous, of the Rectovaginal Septum, Five Weeks After Construction of the Vagina, 530.
- Peritoneoscopy, The Economic Value of, 185.
- PERRET, GEORGE, et al.: Surgical Principles Underlying the Use of Grafts in the Repair of Peripheral Nerve Injuries, 686.
- PHEISTER, DALLAS B., and LAESTAR, CARL H.: Local Fluid Loss, Nerve Stimuli and Toxins in the Causation of Shock, 803.
- Phlebothrombosis of the Femoral and Iliac Veins, Proximal Ligation and Thrombectomy for, 175.
- PICKRELL, KENNETH L., and RICHARDS, RICHARD K.: Pentothal-Metrazol Antagonism, 495; closing remarks, 507.
- PIERSON, JOHN C., et al.: The Economic Value of Peritoneoscopy, 185.
- Plan for the Surgical Management of Gastrojejunocolic Fistula, 620.

## INDEX TO VOLUME 121

Annals of Surgery  
June, 1945

- Plasma Volume, "Available (Thiocyanate) Volume" and Total Circulating Plasma Proteins in Normal Adults, 352.
- POER, D. HENRY: Discussion on cranioplasty, 669.
- Polyostotic Fibrous Dysplasia, Bone Sarcoma in, 872.
- Polypoid Disease of the Colon and Rectum, 88.
- POOL, R. M.: Discussion on mucocele of appendix, 718.
- Pooled Human Serum, 338.
- Portal Vein Thrombosis Following Removal of Ruptured Spleen, 100.
- Preparation of Battle Casualties for Surgery, 769.
